Higher Education Emergency Relief Fund (“HEERF”) Report Emergency Financial Aid Grants to Students

Report as of March 31, 2021

As explained in guidance and materials from the U.S. Department of Education¹ (the “Department”):

The CARES Act Higher Education Emergency Relief Fund-IHE/Student Aid provides funding to institutions to provide emergency financial aid grants to students whose lives have been disrupted, many of whom are facing financial challenges and struggling to make ends meet. Students cannot apply for assistance directly from the U.S. Department of Education but should contact their institutions for further information and guidance.

Institutions have the responsibility of determining how grants will be distributed to students, how the amount of each student grant is calculated, and the development of any instructions or directions that are provided to students about the grant.

Stevens-Henager College (Department OPE ID 00367400) received education stabilization funds under Section 18004(a)(1) of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), Public Law No: 116-136.

This Fund Report applies to the **Student Portion** and **Institutional Portion** received under HEERF.

Stevens-Henager College appreciates that Congress and the President have made these critical funds available for eligible students who have expenses related to the disruption of campus operations due to the coronavirus pandemic. We take receipt of these federal funds seriously and are distributing them in accordance with the CARES Act and implementing guidance.

Attachment A – STUDENT PORTION

Following the Secretary of Education’s April 9, 2020 guidance³ to allocate funds based upon student need and to ensure as wide a distribution as possible, Stevens-Henager College developed a three-tier allocation model based upon each eligible student’s federal financial aid Expected Family Contribution (“EFC”). Generally, the lower a student’s available economic resources, the lower their EFC and the greater their need. The projected eligible Stevens-Henager College onground students⁴, who were in an active status as of April 9, 2020, were included in the initial allocation model.

Stevens-Henager College’s initial allocation model was based upon the following three categories:

Category 1: Students with an EFC of zero (0). Students in this category could receive the largest grant per student. This level of Grant is referred to as the Maximum Grant and, based upon the initial allocation model, was set at **\$4,020**.

Category 2: Students with an EFC greater than zero (0) but less than 5577. This level of grant, based upon the initial allocation model, was set at 80% of the Maximum Grant, or **\$3,209**.

Category 3: Students with an EFC equal to or greater than 5577. This level of grant, based upon the initial allocation model, was set at 50% of the Maximum Grant, or **\$2,010**.

According to student eligibility guidance from the Department in its HEERF Frequently Asked Questions⁵, only students who are or could be eligible to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965, as amended (HEA), may receive emergency financial aid grants. The criteria to participate in programs under Section 484 of the HEA include but are not limited to the following: U.S. citizenship or eligible noncitizen; a valid Social Security number; registration with Selective Service (if the student

is male); and a high school diploma, GED, or completion of high school in an approved homeschool setting.

Stevens-Henager College reviewed all active onground students and identified those students who had already previously received federal financial aid or VA benefits and were eligible for HEERF. For those students whom Stevens-Henager College could not determine eligibility, the institution provided these students with a Student Eligibility Certification Form to complete. A copy of the form is below. Upon receipt of this form, the institution determined these students' eligibility (or lack thereof). Students who were determined eligible from the Student Eligibility Certification Form were allocated to Category 3.

Attachment B - STUDENT PORTION

Stevens-Henager College notified and provided information to students about the emergency financial aid grants through the distribution of an Important Notice ("Notice"). The Notice also served as the tool by which students requested an emergency grant under this program. Below is a copy of the Important Notice - *see Attachment B*.

Students were alerted about the Notice through phone call campaigns and emails from the institution. The institution then provided the Notice to students via an email through DocuSign. Upon completion, the Notice was returned to Stevens-Henager College's Financial Aid Department for review and determination of eligibility. After determining eligibility and categorization, the institution distributed a check to the student for their emergency financial aid grant.

Attachment C - INSTITUTIONAL PORTION

Stevens-Henager College made the decision to use ***all*** funds from the **Institutional Portion** of the CARES Act to make additional emergency grants to eligible students. Student eligibility was initially based upon the same methodology as described in the Attachment A section above. In addition, for the second round of CARES Act grants, eligible students were required to provide more information to explain and support a request for an additional emergency grant.

All eligible students were provided a copy of the IMPORTANT NOTICE - CAREAS ACT GRANTS ROUND 2 form to request an additional grant. A copy of this

IMPORTANT NOTICE - CARES is attached below as *Attachment C*. Upon receipt of a completed form, Stevens-Henager College's Vice President of Onground Operations, in consultation with Campus Directors and Central Financial Aid, reviewed each form to evaluate and determine a student's need and support for an additional emergency grant.

IMPORTANT NOTICE

Emergency Financial Aid Grants to Students from the Coronavirus Aid, Relief, and Economic Security (CARES) Act

The U.S. Department of Education has made Emergency Financial Aid Grants available to students of our colleges who need financial support for their expenses due to the disruption of campus operations from the Coronavirus.

The application below allows students to apply for these need-based grants. Your college will use the information below to determine your eligibility for a grant. **EVERY student will need to complete this form so they can receive an emergency grant. We estimate that each student’s grant will range from \$1,500 to \$4,500.** These emergency funds are grants and you will not have to pay back these special grants. Each student will be eligible for only one grant, and only one application will be considered per student. A copy of this form will be sent to your email address of record via DocuSign. You will fill in the form in the DocuSign system. Be sure to click “finish” in DocuSign once you complete the form. If you do not receive the form, please contact the college. These grants are only for “Active” students that are currently enrolled and participating in courses.
